PROFILE

Technical sales specialist with a Computer Science background, native Dutch and German, and a track record of building EU pipelines from scratch. Can hold a technical conversation without SE support. Builds AI-assisted outreach workflows to move faster and qualify smarter.

EXPERIENCE

HiveRadar Inc., Technical Sales Specialist

Toronto, ON · Full-time · May 2026 – Present

- Own the full sales cycle for edge computing and wireless networking solutions, from cold outreach and technical qualification through deployment and customer success
- Build EU channel pipeline from scratch targeting Benelux, DACH, and Nordic markets; first partner reached commercial agreement stage in under 30 days
- Use native Dutch and German to open conversations and build trust with prospects unreachable through English-only outreach
- Engineer agentic sales workflow: Apollo API piped into Claude with folder structures, triggers, and automation loops to run prospecting and qualification with minimal manual input
- Built internal RAG knowledge base for product docs and automated quote-to-invoice generation and EU pipeline tracking (DE, NL, BE, CH, AT) via the company's CRM

Securicore, Sales Engineer

Toronto, ON · Contract · Mar 2022 – Mar 2023

- Owned technical qualification and solution scoping across cloud security and network infrastructure accounts
- Supported full sales cycles from initial discovery through proposal stage, working alongside senior account executives on enterprise engagements

Baden Volleys SSC Karlsruhe, Professional Volleyball Player

Karlsruhe, Germany · 1st Bundesliga · Jun 2025 – May 2026

- Competed at professional level in Germany's top volleyball league; relocated abroad independently and managed elite performance commitments for a full season before transitioning into tech sales
